Proposal of Amendments to
the Constitution of the InterIIT Tech Meet

13 Amendments At The 13th InterIIT Tech Meet

by

Organising Team, Inter IIT Tech Meet 13.0

headed by

Kushal Agarwal, Manas Agrawal

Overall Coordinators (Conveners)
Inter IIT Tech Meet 13.0
IIT Bombay

dated

17th May 2025

How to read this document?

Each page consists of a new proposal of amendment. Amendments later in the document may depend on amendments earlier in the document and are to be seen in context of other amendments being approved.

Each amendment compares the old and new parts of the constitution.

Text in normal font quotes parts from the constitution which are unchanged.
Text in *Italics* provides navigational guidance.
Text in Green indicates new additions.
Text in Yellow indicates modifications.

Amendment 1
Scope: Full constitution

Abstract and proposal:
Change paragraph and bullet point style to numeric style for each referencing

Amendment 2
Scope: Ch 6 InterIIT Tech Board
Abstract: Update in schedule and minimum number of tech board meets in a year

<table>
<tr><th>Old</th><th>New</th></tr>
<tr><td>The Tech Board Meeting will happen at least twice a year. The first board meeting should happen as soon as the academic year begins. This meeting will be held to decide the grounds for the problem statements for the year. This meeting to decide the initial structure of the InterIIT Tech Meet, events to be included, suggestions for the number of events, the genre of events and the timeline for finalization of the problem statements/events. The second board meeting should be conducted at the end of the InterIIT Meet for feedback and to decide the Host IIT for the next Inter IIT Tech Meet.</td><td>Host IIT should mandatorily conduct the following Tech Board Meetings:
<table>
<tr><th>Timeline</th><th>Purpose</th></tr>
<tr><td>At least 1 month before the release of the first problem statement for that year's InterIIT Tech Meet</td><td>● Decide the grounds for the problem statements for the year
● Decide the initial structure of the InterIIT Tech Meet, events to be included, suggestions for the number of events, the genre of events
● Timeline for finalization of the problem statements/events.
● Presentation and ratification of the rulebook
● Mandatory Open Session for presentation of Constitutional Amendments by participating IITs</td></tr>
<tr><td>Immediately after the conclusion of that year's InterIIT Tech Meet</td><td>● For levying penalties not mentioned in the Constitution
● Releasing of the provisional results for that year's InterIIT Tech Meet</td></tr>
<tr><td>Within 2 months after the conclusion of that year's InterIIT Tech Meet</td><td>● For feedback to the Host IIT
● Presenting ideas for improving the construct of the InterIIT Tech Meet to the Tech Board
● For officially opening the floor for next year's InterIIT Tech Meet</td></tr>
<tr><td>Within 2 weeks after the 3 week period from the submission of the first proposal for the following year's hosting rights</td><td>● To provide feedback on submitted proposals for hosting the following edition of the InterIIT Tech Meet
● To (reschedule another meet to) finalize the Host IIT for the following edition of the InterIIT Tech Meet
● Mandatory Open Session for presentation of Constitutional Amendments by participating IITs</td></tr>
</table>
Guidelines for Board Meet Open Sessions is detailed in the Chapter: Amendments (ref Amendment)</td></tr>
</table>

Amendment 3
Scope: Ch 9 Responsibilities of the Host IIT
Abstract: Organising the responsibilities of the Host IIT, the Organising Team and the Conveners

Old	New
The Host IIT is responsible for organising the InterIIT Tech Meet of the current year. They have the following responsibilities: ● Appoint organising team to manage the affairs of the event, its planning, execution and acceptable closure of the event. This organising team will be led by 1 or 2 Convener(s). The Convener(s) will serve as the point of contact for the participating IITs, ● Ideate and plan the events of the meet and manage the logistics for the event, ● Draft the Rulebook, that shall be used during the period of the competition, ● Maintain the official website and social media handles. An official web domain shall be established for all subsequent InterIITs. It is the responsibility of the Host IIT to bear the cost of the web domain during the period through which they bear the title of Host IIT. All access to the web domain shall be handed over to the next Host IIT upon the selection of the successor Host IIT, ● Make accommodation arrangements for Participating Contingents during the InterIIT Tech Meet, ● Make arrangements for judges, as applicable for the event, ● Ensure that the Contingent of Host IIT and the InterIIT Tech Meet Organising team are completely independent and have no common members. In case of violation of this rule, the Host IIT will be disqualified for the events in which the common member was registered, ● Bear the cost of hosting the meet, which includes, – Infrastructure for the events - posters, setup for competitions, etc., – Merchandise for the participants, – Judges - fees and transport, – Medals and Certificates, – Website and its maintenance. The Host IIT shall mention the basic amenities/facilities being by provided them in the Rulebook for the convenience of participants. A nominal fee can be levied on each participant. This fee is to be decided by the Host IIT, and the breakdown of the same shall be included in the Rulebook.	The Host IIT is responsible for organising the InterIIT Tech Meet of the current year. They have the following responsibilities: ● Appoint an organising team to manage the affairs of the event, its planning, execution and acceptable closure of the event. This organising team will be led by 1 or 2 Convener(s), ● Make accommodation arrangements for Participating Contingents during the InterIIT Tech Meet, ● Make arrangements for judges, as applicable for the event, ● Ensure that the Contingent of Host IIT and the InterIIT Tech Meet Organising team are completely independent and have no common members. In case of violation of this rule, the Host IIT will be disqualified for the events in which the common member was registered, ● Bear the cost of holding the official domain "interiit-tech.com" and hand over its credentials to the next Host IIT upon the selection of the successor Host IIT, ● Bear the cost of hosting the meet, which includes, – Infrastructure for the events - posters, setup for competitions, etc., – Merchandise for the participants, – Judges - fees and transport, – Medals and Certificates, – Website and its maintenance. ● Provide gender-neutral workspace with internet access. The Chairman of the InterIIT Tech Meet will serve as the answerable authority of the Host IIT. In their absence, such a duty may be performed by an appointee. A nominal fee can be levied on each participant. This fee is to be decided by the Host IIT, and the breakdown of the same shall be included in the Rulebook. The Organising Team is responsible for conducting the affairs of the InterIIT Tech Meet. Their responsibilities include: ● Ideate and plan the events of the meet and manage the logistics for the event, ● Draft the Rulebook, that shall be used during the period of the competition, ● Provide a list of basic amenities/facilities being provided to them in the Rulebook for the convenience of participants, ● Maintain the official website and social media handles, ● Maintain confidentiality of problem statements before their official release ● Maintain confidentiality of information of registered members and submissions during all parts of the InterIIT Tech Meet, ● Review and approve registered student lists and SAC/EC submissions after ensuring compliance with rules, ● Issue ID Cards to all members of the contingent coming for the InterIIT Tech Meet. These ID cards should only include the following: ○ A picture of the student with their name ○ A unique ID as text and/or image ○ Contact information The Convener(s) will lead the functioning and exercise the authority of the Organising Team. In addition to the responsibilities of the Organising Team, they will also bear the following responsibilities: ● Serve as the de-facto Chairman of the InterIIT Tech Board in absence of the Chairman of the InterIIT Tech Board, ● Serve as the answerable authority representing the Organising Team, ● Serve as the point of contact for the participating IITs, or appoint appropriate points of contact, ● Ensure that all information is shared strictly on a need-to-know basis within the Organising Team, with the Convener maintaining oversight of the flow and access of such information

Amendment 4
Scope: Ch 7 Eligibility
Abstract: Specifying eligibility criteria for participating IIT and participating students

Old	New
7 Eligibilty All bonafide full time students of all IITs, who will be getting degree/diploma from the concerned IIT, are eligible to participate. A consolidated list of the contingent members, attested as bonafide students by the Dean of Students/Registrar of concerned IIT, should be submitted to the Chairman of the Tech Meet before a stipulated time before commencement of meet.	7 Eligibility 7.1 Eligibility of Participating IIT Pandit Jawaharlal Nehru pioneered the establishment of the Indian Institutes of Technology to provide trained technical personnel of international class to the nation who would act as leaders in technology for the newly born independent India. For an IIT to be a part of the InterIIT Tech Meet, it ● Should be recognised as an Indian Institute of Technology by the IIT Council established by the IIT Act, ● Have an active student body to oversee participation 7.2 Eligibility of Participating Students For a student to participate in the InterIIT Tech Meet, they should meet all of the following criteria ● Currently enrolled in an IIT which is eligible to participate in the InterIIT Tech Meet, ● Currently enrolled in a full time offline academic program whose entire duration should be greater than 18 months, ● Currently not a part of an exchange program to visit the IIT which they wish to represent. If a student is enrolled in a Joint-Degree program then the following eligibility criteria applies ● At least one of the participating Institutes in the joint degree should be an IIT eligible to participate in the InterIIT Tech Meet, said student can only represent an IIT which is eligible, ● Currently enrolled in a full time offline academic program whose entire duration should be greater than 18 months, ● Complete at least one semester at the IIT on behalf of which they wish to participate before the commencement of the offline event, ● Currently not a part of an exchange program to visit the IIT on behalf of which they wish to participate. If the candidate is eligible to participate on behalf of more than one IIT, they can choose the IIT they wish to represent. A student can represent only one IIT in a given edition of InterIIT Tech Meet. It shall be the sole responsibility of the representatives of each participating IIT to ensure that only eligible students are registered for participation. The Organising Committee reserves the right to verify the eligibility of registered students. Any deviation from the prescribed norms or non-compliance with the eligibility criteria shall result in the disqualification of the concerned contingent from the specific problem statement(s) involved.

Amendment 5
Scope: Ch 12 Results and Ranking, Section 12.3 Penalties
Abstract and proposal: Participant Identification and ID Card Policy

Old	New
…	• Possession and display of the InterIIT Tech Meet ID Card, issued by Organising Team, during presentations of problem statements, shall not be considered a breach of anonymity or incur any penalties related to disclosure of identity before the judges. • Display of name of the participant during presentations in individual events will not be considered as breach of anonymity or incur any penalties related to disclosure of identity before the judges.

Amendment 6
Scope: Ch 12 Results and Ranking, Section 12.4 Trophies and Certificates
Abstract and proposal: Rules for Rolling Trophy

Old	**New**
Overall General Championship Trophy will be a rolling trophy. Any IIT that wins the Trophy for 3 consecutive years shall take permanent ownership the trophy and a new trophy shall be made for further meets.	The Overall General Championship Trophy of the InterIIT Tech Meet will be a rolling trophy, awarded annually to the IIT securing the highest overall score across all events. In the event that an IIT wins the Overall General Championship for three consecutive years, that IIT shall be conferred permanent ownership of the trophy. A new trophy shall thereafter be made for subsequent editions of the Tech Meet. The IIT declared as the overall winner will be responsible for the safekeeping of the trophy and must physically return the trophy to the Organising Committee of the next Host IIT within a stipulated time prior to the commencement of the opening ceremony of the following Tech Meet. In case of damage, it should be reported to the Host IIT and the trophy should still be returned to the Host IIT. Failure to comply will result in withholding of overall scores for that IIT for a period of 1 year.

Amendment 7
Scope: Ch 14 IP Policy
Abstract and proposal: Detailed guidelines for IP Policy

Old	New
The intellectual property rights of the product developed as part of Tech Meet lie with the Individual/Group of Individuals/Organisation who developed it. The organising team or the Host IIT takes no responsibility for protecting the IP rights of participants. It is up to the discretion of participants whether to display/demonstrate a product/solution/research for which a patent is pending.	14.1 Rights • The Organising Team shall foster collaborations that reserve IP rights of any technology developed with the Individual, Group of Individuals, or Organisation who developed it. • In the interest of upholding the quality of problem statements or other collaborations, the collaborating organization may hold a certain share of IP rights. In such a case, appropriate information shall be conveyed at/before the launch of the event or the release of the problem statement, whichever is later. • The Organising Team/Host IIT cannot claim/hold rights to any technology developed as a part of the InterIIT Tech Meet. 14.2 Protection The Organising Team or the Host IIT takes no responsibility for protecting the IP rights of participants. It is up to the discretion of participants whether to display/demonstrate a product/solution/research for which a patent is pending.

Amendment 8
Scope: Ch 11.3 Event Structure > Competitive Events and 12.3 Results & ranking > Penalties
Abstract and proposal: Detailed guidelines for IP Policy

Old	New
—	*Replace "Host IIT" with "Organising Team"*

Amendment 9
Scope: Ch 12.2 Results & Ranking > Score Structure
Abstract and proposal: Code for scoring reliably

Old	New
After point 12	A Python code implementing the above scoring structure has been included in appendix A.1.
Appendix A.1	

```
import pandas as pd
import numpy as np
from scipy.stats import rankdata

def get_scores(scores, max_score, scale_factor=0.9):
    podium = {'Gold': [], 'Silver': [], 'Bronze': []}
    scores = scores.sort_values(by=['Score'], ascending=False)
    scores = scores[scores['Score']>0].reset_index(drop=True)
    # return scores

    # Gold
    scores_gold = scores.copy(deep=True).reset_index(drop=True)
    scores_gold['Norm'] = (scores_gold['Score'] - scores_gold['Score'].mean())/(scores_gold['Score'].max() -
scores_gold['Score'].mean())
    if (scores_gold['Norm']==1).sum() > 1:
        podium['Gold'] = list(scores_gold[scores_gold['Norm']==1]['Team'])
    elif scores_gold['Norm'][0] - scores_gold['Norm'][1] <= 0.05 and scores_gold['Norm'][1] !=
scores_gold['Norm'][2]:
        podium['Gold'] = [scores_gold['Team'][0], scores_gold['Team'][1]]
    else:
        podium['Gold'] =  [scores_gold['Team'][0]]
    cut = len(podium['Gold'])

    # Silver
    scores_silver = scores.copy(deep=True).iloc[cut:].reset_index(drop=True)
    scores_silver['Norm'] = (scores_silver['Score'] -
scores_silver['Score'].mean())/(scores_silver['Score'].max() - scores_silver['Score'].mean())
    if (scores_silver['Norm']==1).sum() > 1:
        podium['Silver'] = list(scores_silver[scores_silver['Norm']==1]['Team'])
    elif scores_silver['Norm'][0] - scores_silver['Norm'][1] <= 0.05 and scores_silver['Norm'][1] !=
scores_silver['Norm'][2]:
        podium['Silver'] = [scores_silver['Team'][0], scores_silver['Team'][1]]
    else:
        podium['Silver'] =  [scores_silver['Team'][0]]
    cut += len(podium['Silver'])

    # Bronze
    scores_bronze = scores.copy(deep=True).iloc[cut:].reset_index(drop=True)
    scores_bronze['Norm'] = (scores_bronze['Score'] -
scores_bronze['Score'].mean())/(scores_bronze['Score'].max() - scores_bronze['Score'].mean())
    if (scores_bronze['Norm']==1).sum() > 1:
        podium['Bronze'] = list(scores_bronze[scores_bronze['Norm']==1]['Team'])

    scores_points = scores.copy(deep=True).reset_index(drop=True)
    scores_points['Norm'] = (scores_points['Score'] -
scores_points[scores_points['Score']<=scores_points['Score'].mean()]['Score'].mean())/(scores_points['Score']
.max() - scores_points[scores_points['Score']<=scores_points['Score'].mean()]['Score'].mean())
    scores_points['Norm'] = scores_points['Norm'].apply(lambda x: max(x, 0))
    scores_points['Scale'] = [1]*len(podium['Gold']) + [scale_factor]*len(podium['Silver']) +
[scale_factor**2]*len(podium['Bronze']) + list(np.power(scale_factor,
2+rankdata(max_score-scores['Score'].to_numpy()[cut:], method='min')))
    scores_points['Point'] = scores_points['Norm'] * scores_points['Scale'] * max_score
    scores_points['Point'] = scores_points['Point'].apply(lambda x: round(max(x, 0.1*max_score) if x > 0 else
0, 2))

    scores_points['Medal'] = ['Gold']*len(podium['Gold']) + ['Silver']*len(podium['Silver']) +
['Bronze']*len(podium['Bronze']) + ['']*(len(scores_points)-cut)

    scores['Point'] = scores_points['Point']
```

```
    scores['Medal'] = scores_points['Medal']
    scores['Scale'] = scores_points['Scale']
    scores['Norm'] = scores_points['Norm']
    del scores_gold, scores_silver, scores_bronze, scores_points

    return scores
    # return scores.sort_values(by=['Team'], ascending=True).reset_index(drop=True)
```

Amendment 10
Scope: Ch 5 General Rules
Abstract and proposal: Formalizing rulebook requirements

Old	New
• The Tech Meet will be hosted by the Host IIT at its campus for a minimum of 2 days to a maximum of 5 days. It will be an annual event. • The Host IIT shall be responsible for drafting the Rule Book, which shall comprise of – the rules and regulations which all the participating IITs must abide by, – the maximum size of the contingent for individual events in High Prep, Mid Prep and Low/No Prep categories, – the list of tentative domains and event details planned for the year, – a detailed scoring system for each of High Prep, Mid Prep and Low/No Prep events, – any additional rules for penalties applied to various violations, and shall be accepted pending ratification at the Board meeting. • The name of IITs shall strictly not be disclosed at any point of time during the competition to the judges. • The Host IIT is expected to setup an official communication forum which shall be utilized by all IITs to propose suggestions, discuss concerns or objections regarding any and all issues pertaining to the Tech Meet. • The Host IIT is expected to release the tentative list of domains at the earliest, which is to be notified through the communication channel. • It is mandatory for the Host IIT to finalize all the domains for the problem statements by the pre-decided dates set during the Board Meeting. The problem statements shall be frozen by at least 7 days before the commencement of first High Prep, Mid Prep and at least 15 days prior for Low/No Prep Events. 5.1 Code of Conduct • Intentional damage to competition setups/ practice setups, the infrastructure of Host IIT at competition venue or to demonstration/setup of other IITs can result in disqualification in the event, • Usage of pirated/unauthorized versions proprietary software technologies during any stage of competition or development of prototype/demonstration if found will lead to disqualification of entry in that particular event. • Violation of standard safety rules mentioned in the Rulebook while operating equipment or giving demonstrations may lead to penalties ranging from event score reduction to disqualification. The penalty is left to the discretion of judges during the event, • Any individual if found involved in any prohibited activities/areas of the Host IIT shall be banned from participation in the Tech Meet of the particular year. The Host IITs are advised to include a list of such prohibited areas/activities inside their campus.	• The Tech Meet will be hosted by the Host IIT at its campus for a minimum of 2 days to a maximum of 5 days. It will be an annual event. • The Organising Team shall be responsible for drafting the Rule Book which outlines important information for that edition of InterIIT Tech Meet and shall be accepted pending ratification at the Board meeting. • The name of IITs shall strictly not be disclosed at any point of time during the competition to the judges. • The Organising Team is expected to set up an official communication forum which shall be utilized by all IITs to propose suggestions, discuss concerns or objections regarding any and all issues pertaining to the Tech Meet. • The Organising Team is expected to release the tentative list of domains at the earliest, which is to be notified through the communication channel. • It is mandatory for the Organising Team to finalize all the domains for the problem statements by the pre-decided dates set during the Board Meeting. The problem statements shall be frozen by at least 7 days before the commencement of first High Prep, Mid Prep and at least 15 days prior for Low/No Prep Events. 5.1 Code of Conduct • Intentional damage to competition setups/ practice setups, the infrastructure of Host IIT at competition venue or to demonstration/setup of other IITs can result in disqualification in the event, • Usage of pirated/unauthorized versions proprietary software technologies during any stage of competition or development of prototype/demonstration if found will lead to disqualification of entry in that particular event. • Violation of standard safety rules mentioned in the Rulebook while operating equipment or giving demonstrations may lead to penalties ranging from event score reduction to disqualification. The penalty is left to the discretion of judges during the event, • Any individual if found involved in any prohibited activities/areas of the Host IIT shall be banned from participation in the Tech Meet of the particular year. 5.2 Rulebook The rulebook should mandatorily contain the following: • The rules and regulations which all the participating IITs must abide by, • List of prohibited areas and activities in the Host IIT, • Dates of the offline InterIIT Tech Meet with date and time of commencement and termination of accommodation and food services, • The maximum size of the contingent for individual events, such as, in High Prep, Mid Prep and Low/No Prep categories, • The list of tentative domains and event details planned for the year, • Dates and/or date ranges for release of different problem statements and/or events • A detailed scoring system for each of High Prep, Mid Prep and Low/No Prep events, • Last date of submission deadline of the problem statements. This date should be no later that 3 days prior to the date of commencement of the Tech Meet, • Official Communication forum(s) that will be used during the Tech Meet. In case multiple forums are used, a clear set of precedence should be mentioned, • Detailed guidelines of procedure of registration of participating IITs, their admin members and participants of individual events, • Registration, food, accommodation and any other fees that is to be paid by the participating IITs and/or its admin/participants along with appropriate deadlines and procedure of payment and verification, • Discuss the format of submission of problem statements as well as a contingency submission route in case of emergencies, • Any additional rules for penalties applied to various violations, • Final date or date-range of release of any submission guidelines for individual events before the deadline of the full submission, • Deadline of submission of any and all mid-term and end-term submissions of problem statements, • Discuss policy on usage of paid API/software in generating solutions, • Discuss policy on any on-spot type evaluation, • Discuss policy on IP rights for individual events, • Guidelines and procedure of handling contentions, • Details of Convener(s).

Amendment 11
Scope: Ch 15 Provisions to Make Amendments
Abstract and proposal: Open Floor session in Board Meets

Old	**New**
After existing content	The first and the last Tech Board Meet of a given year should have mandatory Open-Floor Sessions to take applications for amendments for all members of the Board. The guidelines of conducting such a session had been detailed in appendix A.2
Appendix A.2	Every application of amendment shall be discussed with the following procedure: 1. The Board member presenting the amendment gets an uninterrupted duration to present the amendment. 2. Atmost of 3 questions from other members of the Board shall be taken which should be addressed by the presenting member. 3. A vote is to be taken to decide if such an amendment requires further discussion or it shall be rejected. Each IIT present in the Board Meeting shall get one vote. For an amendment to be taken up for further discussion, it shall receive at least 60% of the votes of the IITs present in the Board Meet, failing to which, the amendment shall be considered rejected. 4. If an amendment is taken up for further discussion, such a discussion shall take place in an orderly fashion moderated by the Chairman, or their appointee, during which the presenting IIT can make minute changes to the structure of the amendment. For any major changes, a fresh application shall be submitted.

Amendment 12
Scope: Ch 8 Selection of Host IIT
Abstract and proposal: Including Board members in proposal submission

Old	New
The Host for the next InterIIT Tech Meet shall be decided at the ad-hoc Tech Board Meeting conducted before the end of the academic year. Each IIT willing to host the next InterIIT shall submit a proposal approved by the Director of their institute and shall submit the same to the Chairman of the Tech Board. In the event there is only a single IIT submitting a proposal, it shall be declared as Host IIT for the next InterIIT Meet. In an event where there are more than one IITs submitting proposals, there shall be a discussion of the proposals by the Tech Board. The Host will then be decided by preferential voting. The host IIT cannot submit a proposal for hosting the next edition during the second Tech Board Meeting. In the event that no IIT submits a proposal, the Chairman of the Tech Board shall invite proposals from Directors of IITs. At this stage, the Host IIT is also eligible to apply.	1. The Host for the next InterIIT Tech Meet shall be decided at the ad-hoc Tech Board Meeting conducted before the end of the academic year. 2. Each IIT willing to host the next InterIIT shall submit a proposal approved by the Director of their institute. Such a proposal shall be submitted, via email, by a member-email of the Board to the Chairman of the Tech Board and copy it to all members of the Board. A list of emails of members of the Tech Board shall be maintained in appendix A.3. 3. In the event there is only a single IIT submitting a proposal, a majority vote by the IITs present in the Tech Board meeting is required for declaring the applying IIT as the Host IIT for the next InterIIT Meet. In case, the applying IIT fails to get such a vote, it shall modify its proposal to meet the suggestions made by the Board. The new proposal should be resubmitted and discussed in a Tech board meeting. 4. In an event where there are more than one IITs submitting proposals, there shall be a discussion of the proposals by the Tech Board. The Host will then be decided by preferential voting. The Host IIT cannot submit a proposal for hosting the next edition during the second Tech Board Meeting. 5. In the event that no IIT submits a proposal, the Chairman of the Tech Board shall invite proposals from Directors of IITs. At this stage, the Host IIT is also eligible to apply.

Appendix A.3

The following shall be considered as an email list of members of the InterIIT Tech Board. This list shall be maintained and modified by the Host IIT.
